Reg. impr MI 05351040968
REA 1814935

Claudio Bellini lives and works in Milan, where he graduated in Architecture and Industrial Design at the Politecnico. After collaborating on several international projects and competitions at Mario Bellini Architects, he founded his own studio in 1996.

In 1998, he anticipated the transformations and evolution of the contemporary office scene with TW Collection, the innovative furniture system designed for Frezza. His in-depth study of these themes has enabled him to consolidate, over the years, significant collaborations with some of the most representative companies in the field, such as Steelcase, Kimball, OFS, Tecno and Vitra.

An innovator and trendsetter, thanks to his multidisciplinary creative approach, he has over the years signed a variety of projects for international clients including Artemide, Bernhardt Design, Dedon, De Sede, Iguzzini, MDF Italia, Pedrali, Plank, Poltrona Frau, Restoration Hardware, Riva1920, Thonet and Walter Knoll. Over the course of his long career, he has received numerous prestigious prizes and awards.

Art Director for several brands in Italy and abroad, such as Natuzzi, Fursys Group and Barazzoni, he has been an associate professor at the Faculty of Architecture and Design of the University of Genoa and regularly holds seminars, workshops and conferences all over the world.

Since 2024, thanks to his cosmopolitan vision and design research in multiple disciplines, he has consolidated his studio's presence as a creative hub on the international design scene with the foundation of the CLAUDIO BELLINI Design Group.
